Mr. Michael J. Coleman  
Executive Director and Founder  
MAGNUM, Inc.  
113 S Saint Asaph St Ste 300  
Alexandria VA 22314

Dear Mr. Coleman:

MAGNUM is to be commended for its continued educational efforts regarding migraine disease. Unfortunately, this widespread disease affects nearly 18 million Americans and, in the worst cases, can be debilitating causing strokes, aneurysms, vision loss, severe dental problems, comas, or even death.

Your efforts on behalf of those who suffer from migraines have helped to shed light on much of the mystery, misinformation, and mistreatment surrounding this neurological disorder. In addition, your promotion of increased research for and government understanding of migraine disease will continue to help those in need and those whose loved ones suffer from this disease.

I want to thank you for your continued efforts to provide information and resources to individuals who suffer from migraines as well as educating the community at large about this potentially debilitating condition.

Best wishes.

Sincerely,

Frank R. Wolf  
Member of Congress
